Grades

Trips are allocated Grades 1-4 according to terrain and length of walk. The Fitness Quiz (right) may help you determine which Grade of trip is right for you.

Grades ‘+’: A grade followed by a ‘+’ sign indicates that it is a slightly higher grade than – say 2, but not as tough as 3.

Grades ‘range’: Grades indicated as – say 2-3 – mean predominantly Grade 2 walks, with the option of Grade 3 walks on one or more days.

- **Grade 1:** Gentle terrain, walking along good paths, tracks and quiet lanes, with a few short, usually gentle, ascents/descents.
- **Grade 2:** Walking along well-established paths and tracks. Occasional loose (gravel) surfaces, and open meadows. Ascents/descents up to 1 hour.
- **Grade 3:** Walking along a variety of paths, some stony in places, with ascents/descents of 1 to 2 hours.
- **Grade 4:** Walking along a variety of paths and surfaces, occasionally challenging, with ascents/descents of 2-3 hours.
